Dell Inc. Hopkinton Massachusetts 01748-9103 1-508-435-1000 In North America 1-866-464-7381

#### Overview

This exam is a qualifying exam for the **Specialist – Systems Administrator**, **XtremIO Solutions (DCS-SA)** track.

This exam focuses on the knowledge and activities involved in managing and optimizing XtremIO storage system in heterogeneous virtualized open systems environments. This includes configuring host access to storage, local replication, performance monitoring and optimization and basic troubleshooting.

Dell Technologies provides free practice tests to assess your knowledge in preparation for the exam. Practice tests allow you to become familiar with the topics and question types you will find on the proctored exam. Your results on a practice test offer one indication of how prepared you are for the proctored exam and can highlight topics on which you need to study and train further. A passing score on the practice test does not guarantee a passing score on the certification exam.
